

CONNECTION ON APPLE DEVICES

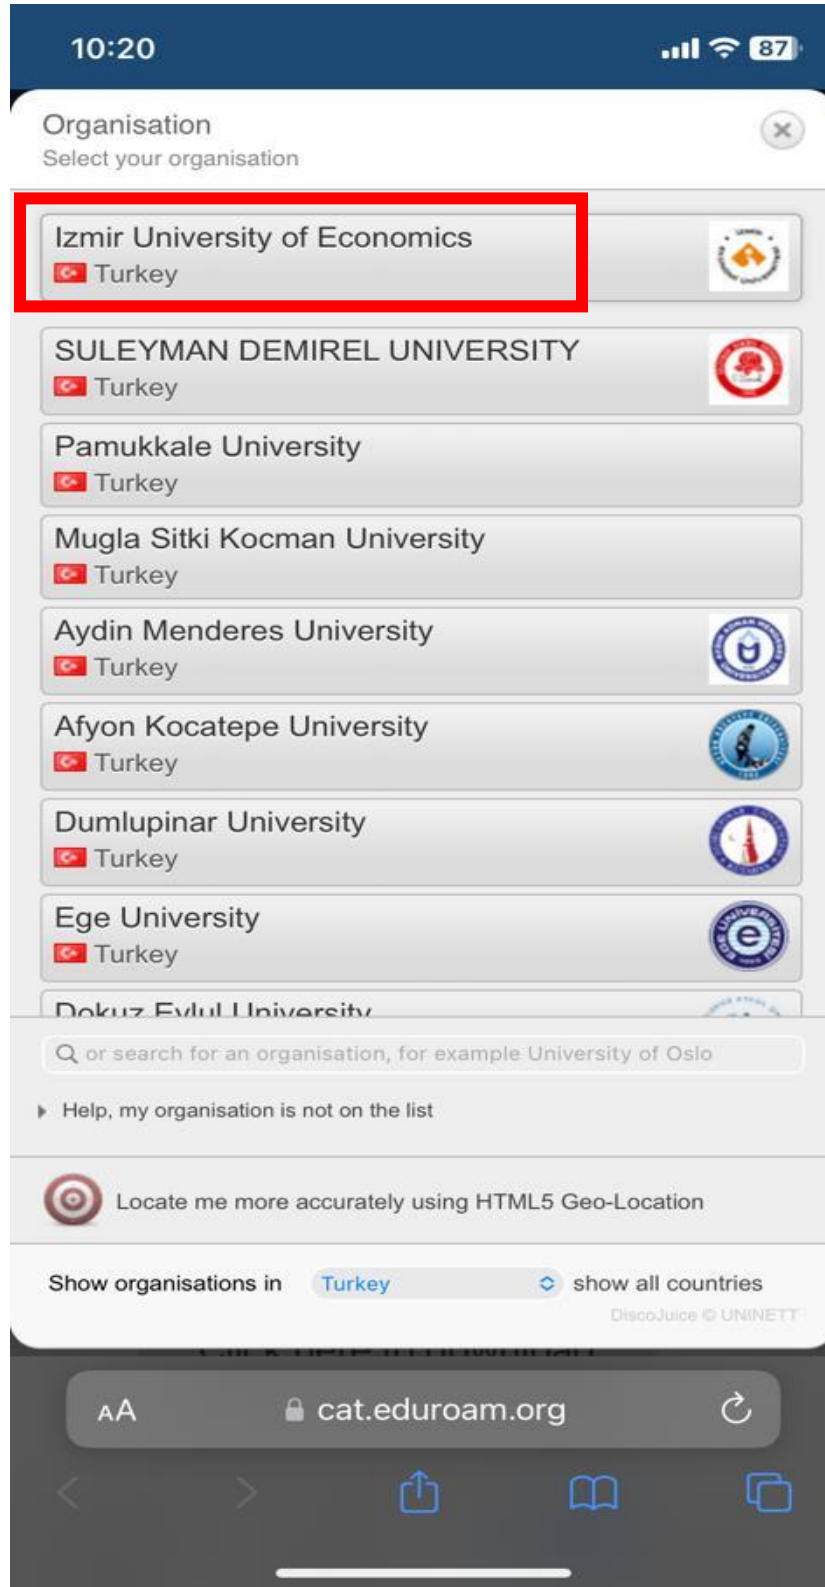

1. To connect to the “eduroam” network from your APPLE devices, open the link below in your browser:

<https://cat.eduroam.org/>

2. On the page that opens, click on the “**Click here to download your eduroam® installer**” that is marked in the box.

The screenshot shows the mobile interface of the eduroam Configuration Assistant Tool (CAT) website. At the top, the status bar shows the time 10:20, signal strength, Wi-Fi, and battery at 87%. The website header features the eduroam logo and the text "Configuration Assistant Tool". Below this is a banner with the text "eduroam® installation made easy: Apple OS X" over a background image of people using mobile devices. Underneath the banner, it says "Custom built for your organisation" and "Digitally signed by the organisation that coordinates eduroam®: GÉANT Association". The main content area has a heading "Welcome to eduroam CAT" followed by "Connect your device to eduroam®". Below this, it states "eduroam® provides access to thousands of Wi-Fi hotspots around the world, free of charge." and includes a "Learn more" link. A blue button with white text "Click here to download your eduroam® installer" is highlighted with a red rectangular box. At the bottom, the browser's address bar shows "cat.eduroam.org" and standard mobile navigation icons.

3. In the window that opens on the right, select “Izmir University of Economics” and continue.

4. Click on "eduroam".

10:20 📶 87

CAT was recently upgraded to version 2.1.0. Please report any issues to [the mailing list cat-users@lists.géant.net](mailto:cat-users@lists.géant.net)
