

## CONNECT ON WINDOWS DEVICES

1. To connect to the “eduroam” network from your Windows devices, open the link below in your browser:

<https://cat.eduroam.org/>

2. On the page that opens, click on the “Click here to download your eduroam® installer” that is marked in the box.

The screenshot shows a web browser window displaying the eduroam Configuration Assistant Tool (CAT) website. The browser's address bar shows the URL "https://cat.eduroam.org". The website has a dark blue header with the eduroam logo and navigation links: "Start page", "About", "Language", "Help", "Manage", and "Terms of use". Below the header, there is a main content area with a large image of three people (two men and one woman) looking at a tablet. Overlaid on this image is a white information box with a green checkmark icon, containing the text: "Information", "This installer has been prepared for University of Samplecty", "More information and comments:", "EMAIL: eduroam@samplecty.xx", "WWW: http://eduroam.samplecty.xx", and "Installer created with software from the GEANT project." Below the image, the text reads "Welcome to eduroam CAT" and "Connect your device to eduroam®". Underneath, it says "eduroam® provides access to thousands of Wi-Fi hotspots around the world, free of charge. [Learn more](#)". A prominent blue button with white text "Click here to download your eduroam® installer" is highlighted with a red rectangular border. At the bottom of the page, there is a footer with small text: "eduroam CAT - Release CAT.2.1 © 2011-2020 GEANT Association on behalf of the GEANT Projects funded by EU and others [Full Copyright and Licenses](#)", "eduroam® Privacy Notice", the GEANT logo, and "European Commission Communications Networks, Content and Technology".

3. In the window that opens on the right, select “Izmir University of Economics” and continue.

**Organisation**  
Select your organisation

Izmir University of Economics
